

# Is Your Business Mobile Enough?

Forrester says BI and mobile will make a powerful pair in 2013. 37 percent of companies surveyed by the global research firm are looking for mobile BI solutions this year.

Don't wait until you get back to the office to make decisions. "That may be too late," says Forrester. Take your tablets, apps and intelligence to your business, wherever that may be.

## Mobile BI works all over enterprise:

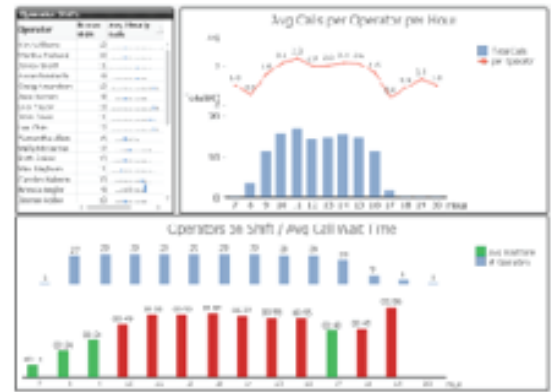

- Leadership teams
- Sales & Service
- Supply chain
- Transportation
- Logistics

BI@S, Business Intelligence as Service, fuels your mobile devices with advanced analytics in the cloud.

Get more mobile. Talk to us about getting your dashboards, reporting and analysis when it counts.

## BI@S analytics are:

- Cloud
- Compliant
- Outsourced
- Integrated
- Mobile
