NIRSA 2012

MARCH 27-30 — TAMPA, FL

CSI Campus Recreation software delivers a truly integrated, single-source solution for taking campus recreation centers to new levels of performance and capability.

Spectrum NG
with Business Intelligence

League Scheduler

Gain control over your intramural and club sports with a powerful end-to-end tool for scheduling games, keeping statistics and managing teams. Even build and edit tournament brackets. Not all of your student-athletes are on scholarship, and **SpectrumNG** provides an organized, professional method for enhancing campus life outside of the classroom.

Run a Smarter Camp This Year.

CSI Camp Management is a comprehensive, end-to-end solution for managing all of your camp initiatives. Powerful functions make it easy to enroll, discount, bill and schedule. Camp Management fully integrates into related SpectrumNG modules, making it a single source for running high-performance camps.
